TITLE: BUDGET PREPARATION

ADOPTED: February 17, 2016

REVISED:

603. BUDGET PREPARATION

§ 1. Purpose

The Board considers preparation of an annual budget to be one of its most important responsibilities because the budget is the financial reflection of CCA's educational plan. The budget shall be designed to carry out that plan in a thorough and efficient manner, to maintain the facilities, and to honor CCA obligations.

§ 2. Authority

The Board recognizes its obligation to the taxpayers to approve only those expenses reasonably required to provide an educational program suitable to the needs and goals of this school and its students.

The budget should be studied by each Board member during its preparation; but once adopted it deserves the support of all members of the Board.

§ 3. Delegation of Responsibility

It is essential for the organized development of the budget that the administration and Budget and Finance Committee have adequate time to review the nature and purpose of each proposed expenditure.

It is, therefore, the responsibility of each director, coordinator or principal to submit their office's or department's requisitions and all other recommendations to the CEO or designee on or before established due dates.

Each administrator shall evaluate and establish the priority of each request for his/her department and will be responsible for ensuring that all requests necessary for the operation of their current program are submitted to the CEO or designee.

The CEO's and COO's draft of the budget, and supporting documentation, shall be discussed with the chairperson of the Budget and Finance Committee and Board President no later than March 1 of each year.
